

## **BCAP's meeting with Greater Sylhet Council (GSC)**

On 27 December 2020 Bashir Uddin, Bangla HA Chief Executive and Ashak Elahi Choudhury, BCAP project Manager met the NEC of the Greater Sylhet Council UK (GSC,UK) vis Zoom. They presented and discussed the work of the Project and urged the GSC UK for our organisations to work together and help and support our community through the Pandemic. It was agreed that working together our message and effort will be much stronger in reaching the wider community and the outcome will be much greater than if we worked separately.

GSC UK has membership throughout the UK and a larger membership in the East London where there is a large Bangladeshi Community. Over 95% of Bangladeshi Community living in the UK come from the Sylhet region of Bangladesh. Thus this organisation represents most of the Bangladeshi Community living in the UK.
